

RICHARD CROFT PPRUA b.1943
FOUR DECADES

During my career as an artist for over fifty years I have retained works that I particular like and are now on display.

In some cases works for one reason or another have been passed over and recently found in my store.

This Exhibition shows some Still Life and landscapes from the 70's and 80's along with more recent works from the last few years including 2010.

At this show my style has changed over the years, but I still experience the same "buzz", from a work which appears to tick my boxes.
